- Pipe and boiler insulation in boiler room, attics, and crawlspaces
- 9" X 9" & 12" x 12" floor tile and mastic in classrooms and library modular

Please complete the form on the back of this page.

I have been advised of the above listed locations of ACM's. I will not disturb said materials unless I have been hired to specifically work with, contain, or remove asbestos per agreement with Crook County School District, their Improvement Project Manager(s) and their Asbestos Program Manager. In these instances, all AHERA laws will be followed for the safe and correct method of working with, containing, or disposing of asbestos. In the event that I see a problem in these areas, I will alert the Crook County School District Asbestos Program Manager, Leland Bliss @ 541-447-4419.
