**Welcome Back, Pioneer Families!**

Dear Pioneer High School Families,

Welcome to the 2026–2027 school year! I hope you have had a wonderful summer and are as excited as we are to begin another year of learning, growth, and opportunity.

At Pioneer, we believe that every student deserves a learning experience that meets their unique needs and helps them achieve their individual goals. Our staff is committed to building strong relationships with students while creating personalized learning pathways that support success both in high school and beyond.

Pioneer specializes in providing flexible educational opportunities, including credit recovery, our Work Crew program, flexible scheduling, internships, and individualized learning plans. These options allow us to meet students where they are and provide the support they need to stay engaged, earn credits, and graduate ready for life after high school.

This year, we are excited to transition to Edmentum as our online learning platform. This updated program offers more engaging, interactive, and current learning experiences for students. While our online curriculum is evolving, our commitment to meaningful, in-person instruction remains the same. Our teachers will continue to provide engaging classroom experiences, individualized support, and strong connections that help students succeed.

Whether you are joining Pioneer for the first time or returning for another year, we are excited to partner with you. I look forward to meeting our new students and families, reconnecting with those returning, and working together to make this school year a successful one.

Thank you for trusting Pioneer High School with your student's education. Together, we will continue to create a supportive, flexible, and student-centered environment where every learner has the opportunity to thrive.

We can't wait to welcome everyone back and begin another great year!

Sincerely,

**Michelle Jonas**
Principal
Pioneer Alternative High School
