All schools should use the [Ready Schools, Safe Learners Guidance](#) and consider the language in that document to be the most up-to-date.

Plan Component	Required	Recommendations and Considerations
<p>A protocol to notify the local public health authority (LPHA) of</p> <ol style="list-style-type: none"> <li>1. <b>Any confirmed COVID-19 case(s)</b> among students or staff.</li> <li>2. <b>Any cluster of illness</b> among students or staff (2 or more).</li> </ol>	<p>This plan includes:</p> <p>Plan for educating parents/guardians about the need for them to notify the school immediately upon identification of COVID-19 in a student.</p> <p>Identify name and position of person responsible for notification of district and Local Public Health Authority (LPHA).</p> <p>Identify name of LPHA and 24/7 phone number for reporting (CD Nurse).</p>	<p>If anyone who has entered school is diagnosed with COVID-19, report to and consult with the LPHA regarding cleaning and possible classroom or program closure (<a href="#">LPHA directory</a>).</p>

# COVID-19 Specific Communicable Disease Management Plan

	<p>The Crook County School District has established policies, protocols, or procedures to comply with the requirements listed in the most recent version of the ODE’s <a href="#">Ready School Safe Learners Resiliency Framework for the 2021-2022 School Year</a> for this component.</p>	
<p>Protocol for screening students and staff upon entry to school each day.</p>	<p>This plan includes:</p> <p>Primary Symptoms of Concern for screening:</p> <ul style="list-style-type: none"> <li>● Cough</li> <li>● Fever* or chills</li> <li>● Shortness of breath or difficulty breathing</li> </ul> <p>* For Entry Screening: Schools screening for fever using a thermometer is not recommended.</p> <p>Staff should visually screen students upon entry for primary symptoms of concern.</p> <p>Student or staff with any of the above symptoms should be sent home or isolated until they can go home. Review isolation procedures.</p> <p>COVID-19 symptoms may also include the following, but these are less specific and not recommended as criteria for exclusion from school alone: new loss of taste or smell, headache, muscle or body aches, nausea or vomiting†, diarrhea†, fatigue, congestion or runny nose.</p> <p>† Note that vomiting and diarrhea are listed in OAR 333-019-0010 as conditions for restriction from school, independent of COVID-19.</p>	<p>Schools may consider collecting information about existing conditions that cause coughing on intake forms.</p> <p>Involve school nurses and School Based Health Centers (SBHCs) in development of protocols and assessment of symptoms when available. Consider connecting with School Nurses and other contracted RNs where available.</p> <p>Screening protocol must recognize that students and staff who have conditions that cause chronic symptoms (e.g., asthma, allergies, etc.) should not be automatically excluded from school. <b>Cough is an exception:</b> Staff or students with a chronic or baseline cough that has worsened or is not well-controlled with medication should be excluded from school. Do not exclude staff or students who have other symptoms that are chronic or baseline symptoms (e.g., asthma, allergies, etc.) from school.</p> <p>For students or staff with other symptoms, see <a href="#">guidance</a> from the Oregon Department of Education and the Oregon Health Authority.</p>

### Isolation Measures

Plan Component	Required	Recommendations and Considerations
----------------	----------	------------------------------------

## COVID-19 Specific Communicable Disease Management Plan

<p>Protocol to restrict any potentially sick persons from physical contact with others.</p>	<p>This plan includes:</p> <ol style="list-style-type: none"><li>1. Adequate supply of face coverings, including location.</li><li>2. Designated space to isolate students or staff members who develop COVID-19 symptoms. Isolate students and staff who report or develop symptoms, with staff supervision and symptom monitoring by a school nurse or other school-based health care provider, until they are able to go home. While waiting to go home, people displaying symptoms should wear a face covering, as should supervising staff. *If students are nauseous, struggling breathing, or in distress, they should not wear any face covering while waiting to go home.</li><li>3. Designated space for students to receive non-COVID-19 health services that is separate from COVID-19 isolation space.</li></ol> <p>The Crook County School District has established policies, protocols, or procedures to comply with the requirements listed in the most recent version of the ODE's <a href="#">Ready School Safe Learners Resiliency Framework for the 2021-2022 School Year</a> for this component.</p>	<p>Anyone developing cough, fever, chills, shortness of breath, difficulty breathing, or sore throat while at school must be given a face covering to wear, isolated from others immediately; and sent home as soon as possible.</p> <p>Anyone with these symptoms must remain home for the current quarantine recommendation time after illness onset and 72 hours after fever is gone, without use of fever reducing medicine, and other symptoms are improving.</p> <p>Involve school nurses and school-based health centers (SBHCs) in development of protocols and assessment of symptoms, when available.</p>

## Physical Distancing and Protection

Plan Component	Required	Recommendations and Considerations
Maintain 3 feet of physical distance between people.	<p>This plan includes:</p> <p>A minimum of 35 square feet per person is available in classrooms, cafeteria, gyms, and other building locations.</p> <p>Specifies how physical distancing requirements will be maintained in classrooms, hallways, restrooms; at arrival and dismissal, meal times, recess, time between classes, and assemblies.</p> <p>The Crook County School District has established policies, protocols, or procedures to comply with the requirements listed in the most recent version of the ODE's <a href="#">Ready School Safe Learners Resiliency Framework for the 2021-2022 School Year</a> for this component.</p>	<p>Minimize time standing in hallways; consider marking spaces on floor, one-way travel in constrained spaces, staggered passing times, or other measures to prevent congregation and congestion in common spaces.</p> <p>Schedule modifications: consider ways to limit the number of students in the building (rotating cohorts by half days or full days).</p> <p>Consider usable classroom space in making calculations.</p> <p>Consider cohorts of students using the same classrooms with the same teachers each day. Students should remain in one classroom environment for the duration of the learning day, unless this would severely impact educational needs. Teachers of specific academic content areas may rotate through student cohorts where feasible. In high schools or other settings where cohorts must change to allow individual curricula, maintain physical distancing and disinfect desks and high-touch surfaces between groups.</p> <p>Restrict interaction between student cohorts; e.g. access to restrooms, activities, common areas.</p>
